

8 Core Outdoor Fiber Optic Cable SM GYFSH Loose Tube

GYFSH

RS461111

1000m on plastic reel

1. The Wanbao Multi-purpose Uni-loose Tube Distribution Cable provides a cost-effective solution to all internal or external.
2. The cable consists of a single central gel-filled uni-tube containing individually color-coded 250 μm buffered fibers.
3. This tube is embedded in a water-blocking aramid yarn, and over-sheathed with an LSZH/PE outer jacket.
4. A choice of multimode and single-mode fiber types and specifications are offered with fiber counts from two to twenty-four in the standard range.
5. The very small diameter, lightweight and excellent environmental performance makes the cable ideal for installation in a broad range of network applications including LAN backbones, networks with mixed indoor and outdoor cabling, outdoor in flooded ducts and any premises distribution system.

Technical Data

No. of cable		8
Fiber Model		G.657A1
Span		40m
Loose tube	Material	PBT
	Diameter (±0.03) mm	1.2
	Thickness (±0.06) mm	0.2
Strength member	Material	aramid yarn
Outer Sheath	Material	LSZH/PE
	Thickness (±0.1) mm	0.6
Cable Diameter (±0.2) mm		3.2
Cable Weight (±5) kg/km		11
Min. bending radius	Without Tension	15.0×Cable-φ
	Under Maximum Tension	20.0×Cable-φ
Temperature range (°C)	Installation	-5~+50
	Transport&Storage	-30~+70
	Operation	-20~+70
